Green Improvement Fund

Onondaga Commons: Slocum Avenue

Project Description: The Onondaga Commons Plaza is home to several local businesses on the Near Westside of Syracuse. Onondaga Commons has partnered with the Onondaga County Save the Rain Program on several stormwater management projects as part of a comprehensive redevelopment of approximately 4 acres of surface parking area across the campus. The collection of projects will include a diverse mix of green infrastructure elements to manage stormwater on site.

The Onondaga Commons 207-211 Slocum Avenue project included the installation of porous pavement in a parking lot area designated for use by Rural Metro. The approximately 18,315 square feet of surface redevelopment collects an estimated 322,600 gallons of stormwater runoff annually.
